COMMERCE BUSINESS DAILY ISSUE OF NOVEMBER 4, 1999 PSA#246

Commander, Marine Corps **System** Command, Code CTQ, 2033 Barnett Ave
5010

46 -- JOINT SERVICE CONTAINER REFILL SYSTEM (JSCRS) DUE 120
Contract Specialist, 703-784-5822x251 E-MAIL: Contract Specialist, frazierly
Corps Systems Command (**MARCORSYSCOM**), acting as the lead service, i
development of a portable container refilling **system**. The **system** must be cap
large container into smaller containers in a Nuclear Biological or Chemical (N
without contaminating the water during transfer. The concept of employment i
primarily be utilized during periods of NBC contamination. It will also be utili
so the device must be deployable and capable of field operations. It will be set
organic unit personnel. Key performance parameters associated with the JSCR
five-gallon water cans from wheeled water trailer (all water distribution system
one (five [O]) five-gallon water containers at a time from wheeled water traile
[O]) in less than three (one[O]) minute [T]. (b) Be capable of filling five (ten [O])
wheeled water trailers (all water distribution systems [O]) in less than 12 (six [O])
filling more than two canteens at once (not required of the five-gallon water co
self-protection to ensure the **refill** fittings cannot become contaminated. 4. Be
interface with the M1 **canteen** cap. 5. Will be lightweight, durable and man po
be equipped with a backup retaining flange in the event the primary retaining 1
is the device that holds the cover/cap in place). The JSCRS will be compatible
distribution systems (e.g., standard military **canteen**, five-gallon can, M149 ar

trailer). When combined with an NBC protective **canteen** cap, the JSCRS will provide a protective **system** that will allow the operator to **refill** canteens, five-gallon water packs from portable and fixed water sources in a contaminated environment. In all types of units. If available, **MARCORSYSCOM** is seeking commercial, or interested sources should submit five (5) copies of descriptive, technical, and no cost to the Government. Written responses should be submitted not later than the submitted may be used for subsequent invitations for bid or requests for product information should not be construed as a commitment to procure equipment will be accepted. Responses should be submitted to the contact person listed at CTQ3LF, **MARCORSYSCOM**, 2033 Barnett Ave, Suite 315, Quantico, VA delivery. FEDEX/UPS/Overnight deliveries should be submitted to: Command McCawley Ave, Quantico, VA 22134-5010. Posted 11/02/99 (W-SN397139).
