Dear Mr. Vogt:

The purpose of this letter is to confirm our e-mail of yesterday to the Baltimore Office of the FBI (copy attached). In our e-mail, we requested that your office please inform us whether the FBI will be initiating an investigation of our allegations of felonious criminal conduct by employees of the Food and Drug Administration and the Department of Health and Human Services. A copy of the report we submitted to the FBI setting forth these allegations of criminal misconduct is also attached.

Whatever the outcome, we look forward to hearing from you. Your prompt written response that you have declined to investigate the matter will give us the reassurance that we are moving forward in a manner that does not interfere with any ongoing law enforcement investigation. Thank-you very much.

Sincerely,

A handwritten signature in black ink, appearing to read "John H. Hnatio".
